LETTER OF APPRECIATION

Dear Aarav Prakash,

I am writing to thank you for the donation of three pieces of 3D human organ models along with the more laboratory equipment that you have given to the school. I applaud the efforts you have taken to encourage teachers at my institution to further the use of science aids and laboratory equipment in teaching students.

The write-up provided by you by means of a small manual explaining the benefits of visual aids is truly an eye opener as it makes us more aware of how long visual teaching aids can go in helping teachers and staff teach difficult academic concepts to students.

Your continued efforts towards promoting science education at our institution are deeply appreciated and I wish you success in all future endeavors.

Best Wishes.

Principal
B. D. Sr. Sec. School
